Purpose:
The purpose of this policy is to define the requirements for promotion through clinical course sequences as outlined by the Commission on Dental Accreditation.

Policy:
In addition to the general academic policies, students must meet the following requirements to be promoted through the clinical course sequences:

- Students will be promoted to the H219 Clinical Practice I upon successful completion of:
  - H218 Fundamentals of Dental Hygiene
  - H303 Radiology Lecture
  - H305 Radiology Lab I

- Students will be promoted to H300 Clinical Practice II upon successful completion of:
  - H219 Clinical Practice I
  - H221 Clinical Dental Hygiene Procedures
  - H205 Medical and Dental Emergencies

- Students will be promoted to H301 Clinical Practice II upon successful completion of:
  - H300 Clinical Practice II

- Students will be promoted to H302 Clinical Practice III upon successful completion of:
  - H301 Clinical Practice II
  - H222 Advanced Clinical Dental Hygiene Procedures
  - H306 Radiology Lab II

Approved December 15, 2017 by all Division of Dental Education Faculty.
