Essential Abilities Statement

The School of Nursing faculty has specified essential abilities (technical standards) critical to the success of students in any IU nursing program. Students must demonstrate these essential abilities to succeed in their program of study. Qualified applicants are expected to meet all admission criteria and matriculating students are expected to meet all progression criteria, as well as these essential abilities (technical standards) with or without reasonable accommodations.

1. Essential judgment skills to include: ability to identify, assess, and comprehend conditions surrounding patient situations for the purpose of problem solving around patient conditions and coming to appropriate conclusions and/or course of actions.
2. Essential physical/neurological functions to include: ability to use the senses of seeing, hearing, touch, and smell to make correct judgments regarding patient conditions and meet physical expectations to perform required interventions for the purpose of demonstrating competence to safely engage in the practice of nursing. Behaviors that demonstrate essential neurological and physical functions include, but are not limited to observation, listening, understanding relationships, writing, and psychomotor abilities consistent with course and program expectations.
3. Essential communication skills to include: ability to communicate effectively with fellow students, faculty, patients, and all members of the health care team. Skills include verbal, written, and nonverbal abilities as well as information technology skills consistent with effective communication.
4. Essential emotional coping skills: ability to demonstrate the mental health necessary to safely engage in the practice of nursing as determined by professional standards of practice.
5. Essential intellectual/conceptual skills to include: ability to measure, calculate, analyze, synthesize, and evaluate to engage competently in the safe practice of nursing.
6. Other essential behavioral attributes: ability to engage in activities consistent with safe nursing practice without demonstrated behaviors of addiction to, abuse of, or over) dependence on alcohol or other drugs that may impair behavior or judgment. The student must demonstrate responsibility and accountability for actions as a student in the School of Nursing and as a developing professional nurse consistent with accepted standards of practice.

Procedure:

1. The essential abilities criteria will be included in the IUSON Bulletin and incorporated into informational packets given to those demonstrating an interest in one of IUSON's nursing programs.
2. Applicants accepting admission to the IUSBSON nursing programs will be required to sign a letter of agreement that specifies the essential abilities criteria. This agreement states they have read and understand that they will be expected to meet the essential abilities. Students questioning their ability to meet these essential abilities criteria will be encouraged to address their inquiries to the appropriate regional campus adaptive services office.
3. Faculty have the responsibility to determine whether a student has demonstrated these essential abilities. Faculty have the right to request consultation from recognized experts as deemed appropriate.
4. Students failing to meet these essential abilities, as determined by faculty, at any point in their academic program may have their progress interrupted until they have demonstrated their ability to meet these essential abilities within negotiated time frames.
5. Students will be dismissed from their program of study if faculty determine that they are unable to meet these essential abilities even if reasonable accommodations are made.
6. Students failing to demonstrate these essential abilities criteria, as determined by the faculty, may appeal this adverse determination in accordance with the Indiana University's appeal procedures.

I have read the Essential Abilities above and understand I will be expected to meet all Essential Abilities during my enrollment in the Nursing Curriculum. Failure to meet one or more of the Essential Abilities may hinder progression or result in dismissal from the nursing program. Any student who is questioning their ability to meet one or more of the Essential Abilities should contact the Disabled Student Services Office at 520-4479 prior to enrollment in nursing courses. Documentation of any requested accommodations must be submitted to the Admission, Progression and Graduation Board in the School of Nursing for review prior to matriculation into the Nursing Major.

Criminal History Disclosure Statement

Health facilities will be prohibited from allowing students from providing care, treatment or services if an individual has been convicted of a certain crime. These certain crimes include:

Any endangerment to a child; Medicaid or Medicare Fraud; rape; criminal deviate conduct; exploitation of an endangered adult; failure to report batter, neglect, or exploitation of an endangered adult or child, murder; or voluntary manslaughter and a third offense for DUI/ OWL.

A conviction of any of the above crimes at any time during an individual's life prohibits entering clinical rotations. In addition, if an individual was convicted of involuntary manslaughter: felony batter; a felony offense relating to a controlled substance; or theft within five (5) years before the individual's start of clinical rotations, the individual may not enter clinical rotations. Background checks will be completed and all convictions will be reviewed.

Any criminal infraction (including OWI's) must be reported to the Assistant Dean for Student Success prior to the next assigned clinical day or within (5) days. This is in compliance with contracts held by the Vera Z. Dwyer College of Health Sciences with the clinical agencies and consistent with state and federal regulations.

I verify that I have not been convicted of a crime or offense that prohibits me from being granted clinical privileges in a clinical agency.
