Human Physiology with lab						
Medical Terminology						

IMPORTANT: All Prerequisite Courses must have been completed not more than seven years prior to application deadline.

^Lifespan/Human development Course must include the study of development from birth to death; more than one course may be required.

The IU South Bend Master of Science Occupational Therapy program requires a series of prerequisite classes to prepare you for the program's coursework. OTCAS will use these courses to calculate a separate specific grade point average used in the admission decision. All courses, except for Medical Terminology, must be at least three (3) credit hours. Prerequisite coursework must be completed with a grade of C or higher.

Additional Information:

- Completion of all or no more than one (2) prerequisite course outstanding by the application deadline and must be completed prior to the start of the program in August.
- An official course description or course syllabus may be requested to approve some courses.
- For combined Human Anatomy & Physiology classes, a full academic year curriculum is required.
- All GPAs will be calculated by OTCAS.

This form must be uploaded to OTCAS and submitted by the application deadline.
