**TITLE: Medical Image
Evaluation Policy**

POLICY NO: R-5

EFFECTIVE DATE: 12-15-17

**TARGET GROUP: CHS
Students**

**SECTION: Radiography
Student Policy**

**REVISION DATE: July 5,
2017 (approved December
15, 2017)**

Purpose:

The purpose of this policy is to outline the procedure for image evaluation for the radiography student.

Policy:

All radiographic images produced by student radiographers during the performance of medical imaging studies must be evaluated by a registered radiographer. The evaluation process must take place prior to the release of the patient. Students are not allowed to discharge patients without approval of the supervising technologist. Failure to follow this policy could result in the issuance of a Problem Assessment form or a Learning Contract.
