

TITLE: Exam Policy

POLICY NO: R-23

EFFECTIVE DATE: 8-27-2023

REVISION DATE: 8-7-23

Purpose:

The purpose of this policy is to outline that all exams in a single course must average 73% to pass the course and progress in the program.

Policy:

Students must achieve an overall average of 73% on all exams (content and final) within a didactic course to pass the course. Points for course assignments other than exams (i.e., quizzes, class assignments, group work) are not calculated into the course grade until the 73% benchmark on exams is attained. Once the 73% benchmark is reached, any additional points earned by the student will be applied to calculate the final course grade. If a student fails to achieve an overall exam average of 73%, the student will receive the letter grade equivalent to the average of the exam scores and will be out of progression in the radiography program. Exam scores will not be rounded to the nearest whole number.

This policy follows R-13 and R-24, Notification for Improvement and Violation policies.
